Introduction to UBF Bible Reading Service

The name of our church is UBF (University Bible Fellowship). In Korean, it's called Bible Reading Fellowship. How often do we read the Bible? According to the survey of UBF members, about 50% of UBF members have little to no Bible reading apart from Sunday worship message and/or Bible study. Only 16% of the members responded that they read the Bible in a year (86 users were surveyed among the UBF Bible Reading Service users in 2016).

However, many people use their smartphones for a long time (in average 3 hours a day).

Unless we change our habits, it is difficult to read the Bible constantly.

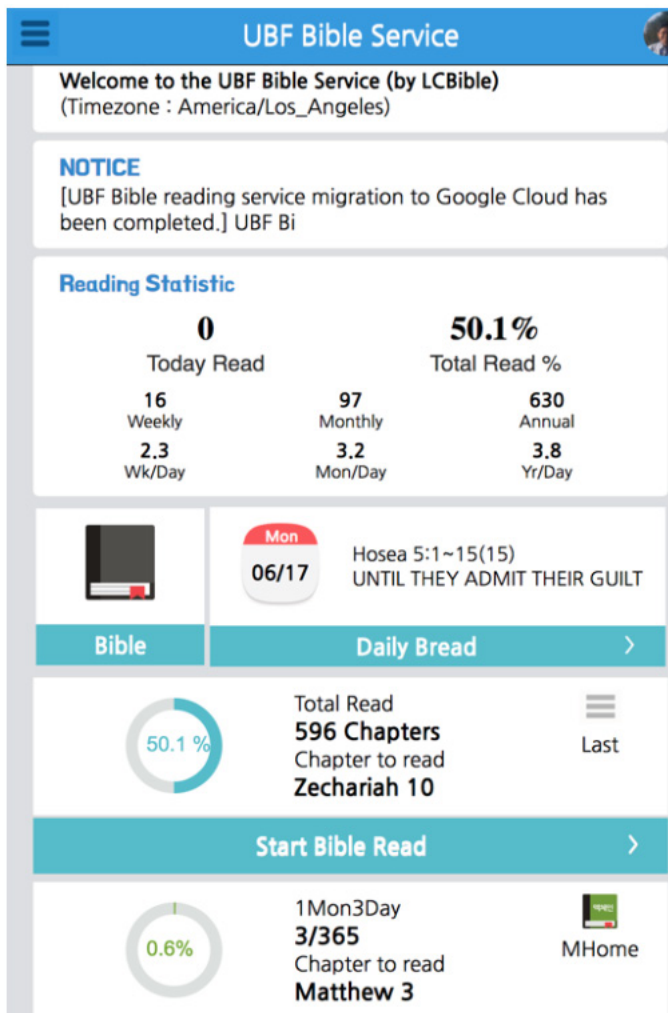

This service helps us develop a habit of reading the Bible using a smartphone.

This service was first introduced on the Korea UBF homepage in 2014, and there are about 2000 subscribers and about 200 members have been regularly using daily bread and Bible reading so far. Now, we have expanded the range of services for missionaries and local shepherds around the world.
